## Soft Bamboo "fine"

### - a Bamboo yarn out of the ordinary

The yarn contains all of 70% of bamboo, which gives the yarn the softest experience and a special lightness. Comfortable to the skin, it makes it also very child-friendly. The texture is silky with a beautiful drape.

**Bambus and environment** - Bamboo is the fastest growing plant in the world and thus a great source of sustainable production.

Bamboo releases more oxygen than any other plant and grows without the use of pesticides.

23% cotton and 7% acrylic help to stabilize the soft bamboo and give the thread a good shape retention. Machine washable.

70% Bamboo/23% Cotton/7% Acrylic,  
50 g/180 m.

| 12.)       | * 8 dc, 1 dc inc* | (60) |
| 13. - 25.) | 60 dc             | (60) |

Place the eyes between rounds 14 and 15.

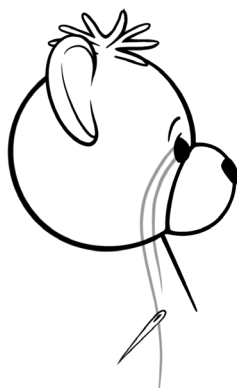

- |      |                   |      |
|------|-------------------|------|
| 26.) | * 2 dc tog*       | (30) |
| 27.) | * 3 dc, 2 dc tog* | (24) |

Add a rattle box and filling to the head.

Cut the yarn and pull through the stitches, tighten and sew the head together.

### Shape the head/eye sockets:

Insert the needle beneath the head and up the inner side of the eye. Sew over a stitch at the eye stem, and lead the needle out beneath the head. Then, insert the needle through the next stitch and up the inner side of the other eye. Again, sew over a stitch at the eye stem, and once again, lead the needle out beneath the head. Tighten the thread, allowing the tension to create indentations. Hold the tension and tie two knots to preserve the indentations. The eye sockets are done. The shaping of the head/eye sockets can also be done before the eyes are mounted.

## STRENGTHEN AND SHAPE THE AREA AROUND THE EYES

## HAIR

Cut 15 pieces of yarn, each 15cm long.  
Each strand should be pulled halfway under/  
through a stitch, most easily done with a crochet  
hook.

Each strand is mounted under 1 stitch, in three rows,  
and 5 times per row.

Each strand is secured by tying two knots at the  
stitch.

Once all strands are mounted, cut the yarn to the  
desired length.

See the video for guidance.

# Good to know

## Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
