Add filling to the head.

Cut the yarn and pull through the stitches, tighten and sew the head together.

### Shape the head and the eye hollows:

With Vintage yarn, thread a needle with approx.

25 cm yarn. Put the needle in from under the chin

and out at the side of the eye.

Guide the thread around some stitches by the eye and then back out under the chin. Tighten the yarn to form the hollow around the eye, tighten the yarn through a few stitches under the chin.

Repeat for the other side of the same eye.

The hollow for the eye is now completed. Should you want the hollow deeper the process can be repeated and a stitch added towards the top of the eye.

Repeat the process for the other eye.

See illustration.

Embroider nose/mouth as an upside down "Y".

Sew the head onto the body.

# Good to know

## Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
