### TAIL (DARK GREY/OFF-WHITE)

Cast on 4 stitches with Dark grey (Peter) or Off-white (Anna).

Knit an I-cord (see explanation on page 3) until the work measures 18 cm.

Cut the yarn, pull it through the stitches with a darning needle, and pull tight.

1. Cut a piece of wire about 25 cm long.
2. Bend one end of the wire 1 cm down/inward – this will form the tip of the tail.
3. Insert the wire piece into the back of the mouse's body so that it extends up to the opening.
4. At the opening, make a 1 cm bend in the wire so it goes back down into the body by about 3-5 cm.

This gives the mouse balance, as the wire functions as a tail that stabilizes the mouse.

(See link on page 4 for assembly.)

Insert the wire into the tail. Sew the tail on.

### HEAD (DARK GREY/OFF-WHITE)

Cast on 8 stitches with Dark grey (Peter) or Off-white (Anna) and knit back and forth (stockinette stitch).

2.)	p	(16)
3.)	*k 2 in same st, 1 k*	(24)

29.) 2 k, k2tog x 5, 2 k (9)

30.) p (9)

31.) 2 k, k2tog, 1 k, k2tog, 2 k (7)

Cut the yarn, pull it through the stitches, pull them tight, and sew the head together, leaving a small opening.

Fill the head with filling.

### Shape the head/eye sockets:

Insert the needle beneath the head and up the inner side of the eye. Sew over a stitch at the eye stem, and lead the needle out beneath the head. Then, insert the needle through the next stitch and up the inner side of the other eye. Again, sew over a stitch at the eye stem, and once again, lead the needle out beneath the head. Tighten the thread, allowing the tension to create indentations. Hold the tension and tie two knots to preserve the indentations. The eye sockets are done. The shaping of the head/eye sockets can also be done before the eyes are mounted.

Embroider a "Y" with Grey sewing thread as the snout and embroider a small nose in the same sewing thread between the "arms" of the Y.

## EAR (DARK GREY/OFF-WHITE, 2 X)

Cast on 7 stitches with Dark grey (Peter) or Off-white (Anna) and knit back and forth (stockinette stitch).

16.) \*k2tog\* x 6, 1 k (7)

Sew the ears onto the head 3 cm above the eyes and 5 cm apart.

# Good to know

## Needle Size & Tension

Knitters knit very differently: some knit with a needle size 2,0 mm and obtain the same size of design quality as a person who knits with a needle size 4,0 mm. We owe this knowledge to the team of knitters who join us.

The key to knit a specific size is a lot about the knitting style/hands/skills, rather than the size of needles.
