## GUIDE:

A simple and easy pattern worked in knit stitches back and forth. The 190 stitches you cast on in the beginning, measure approximately 100 cm in width. For this One Size the length is 75 cm. When the main piece is done, a piece of the sides is sewn together – this makes the armhole. Finally crochet an edge with fur along all the edges.

## MAIN PIECE

Loosely cast on 190 sts.

Row 1:

Slip first stitch knit-wise. Knit to the end.

Repeat this row until the work measures 75 cm in length.

Cast off. The work measures 100 x 75 cm.

## ARMHOLE - OPENINGS

- 1.) When the main piece is finished, fold it in half so it measures 100 x 37,5 cm.
- 2.) From the 2 folded corners, measure up 17 cm, place stitch marker (optional) Sew the two sides together, 17 cm up. Repeat on the other side.
- 3.) The part not sewn together is the openings for the armholes.

## FUR EDGE- 5 CM

*The fur edge is crocheted along all edges with Fur Lux – 5 rounds.*

*Start at a random place*

- 1.) 1 dc in every other st all the way around.  
Be aware to crochet evenly along the edge.

2. - 5.) 1 dc in every st.

*Finish with a slip stitch.*

***If you want the Shawl jacket in other sizes than the measurements in the pattern, it can be made larger or smaller in the following way:***

# Good to know

## Needle Size + Tension

Knitters knit very differently: some knit with a needle size 2,0 mm and obtain the same size of design quality as a person who knits with a needle size 4,0 mm. We owe this knowledge to the team of knitters who join us.

The key to knit a specific size is a lot about the knitting style/hands/skills, rather than the size of needles. Therefore, we will recommend a range of needle sizes.
